## FOREWORD

This most genuine dispersal sale of the entire milking herd on behalf of the Carter family sadly results from a family bereavement.

Cows have been milked at Olde Farm since 1948 and brothers Frank and Anthony having worked successfully side by side for over 30 years to produce the fantastic herd that is on offer today. Anthony was unfortunately diagnosed with cancer just over 4 years ago and within the last 2 weeks very sadly lost his battle. He worked tirelessly throughout his illness continuing with his particular passion of rearing youngstock despite ongoing treatment.

The sale comprises 196 Cows and Heifers In-milk and In-calf and provides an opportunity for purchasers to buy from a herd that really does tick every box.

First and foremost is the consistent type that is on offer and it is this much desired trait that struck me immediately when going to inspect the herd. Despite the high yields being achieved these are good compact, well conditioned cows that display consistently good bags and feet and are uniform in size.

The family have used Cogent bulls for quite some time and took the decision to use the companies scoring service to maximize breeding potential with a view to producing a high type and high yielding, yet not precious cow that can also deliver high constituents. An assessor attends every 6 weeks to score fresh calvers with the aim of choosing the best service bull for the individual animal. There is no doubt that this management decision has paid absolute dividends with the herd displaying consistently good type whilst maintaining tremendous yields and a combined fat and protein of 800kg+. Not only that but the herd stands 11<sup>th</sup> highest in the country for average PLI in NMR recorded herds and ranks second in Warwickshire for highest total constituents, running at 808kg.

It is also worth noting that the Redrock-View Klutch daughters are some of the first to calve in the country and that performance reports from the USA for daughters over there have been excellent.

Purchasers should also note that the decision to use sexed or Aberdeen Angus semen on the cows is taken solely to optimize a successful conception.

Latterly due to the extensive use of sexed semen the Carters have had the luxury of an abundance of followers. This has allowed them to implement a more rigorous culling policy and the result is a really youthful herd comprising 124 Heifers (many of which are fresh), 46 2<sup>nd</sup> and 21 3<sup>rd</sup> Calvers.

Herd health has always been a top priority. The herd is BVD free, BVD vaccinated and tag and tested, vaccinated for IBR and screened regularly for Leptospirosis with no problem being shown. It is also screened every 3 months for Johnes and all cows in the sale are green. The herd is also Neospora clear.

The herd is cubicle housed and milked via a herringbone parlour with management based on maize and grass silage fed on a TMR basis with NO concentrates fed in the parlour. These cow's milk for fun and are currently averaging 32.5kg daily and maintaining, whilst on twice a day milking a tremendous annual average of:

**10544kg            4.37%F            3.42%P            cc164**

Milk quality is consistently high shown by the average and further substantiated by the latest bulk sample of **4.62%F 3.11%P cc114**.

This is a most genuine dispersal sale of a herd of cows that can really deliver it all and is only taking place due to very sad circumstances. Attendance and inspection can be thoroughly recommended on Tuesday 26<sup>th</sup> October. Make that trip, you won't be disappointed.

## GENERAL NOTES

### Directions to Leek Market

**From Leek Town Centre** take the A520 Cheddleton Road. At the first set of traffic lights turn right into Junction Road. Proceed through the houses and the entrance to the Market lies on the left hand side just before the “Pride of the Moorlands” Public House.

The Market is clearly sign posted on the A53 Newcastle to Leek Road and the A520 Leek to Cheddleton Road.

### Method of Sale

All cattle will be sold in the pound and settlement of all accounts shall be made in full immediately at the close of sale. The herd will be sold under Farm Sale Rules a copy of which can be obtained from the Auctioneers.

### Cheques/Payment

Intending Purchasers not known to the Auctioneers must produce, prior to bidding, an acceptable Banker’s Reference. Under new regulations introduced by the Banks, such references are now obtainable by the Bank’s customers themselves and have to be obtained by them direct from their Bank. **Unless an acceptable Banker’s Reference is produced Payment is strictly Cash.**

Persons unknown to the Auctioneers and who pay by cheque will have their goods impounded until cheques have cleared and the Auctioneers reserve the right to refuse the bid of any potential unknown customer.

### Telephone Number on Day of Sale

**(01538) 372749**

### Rostrum Telephone Numbers

**Meg Elliott 07967 007049**

**Mark Elliott 07973 673092**

### Current Yields

Any upto date information will be announced from the rostrum on sale day.

### Health Status

The herd passed its last TB test on the 20<sup>th</sup> September 2021 and is on 6 monthly tests.

The herd is IBR free and is also BVD vaccinated and tag and tested, vaccinated for IBR, regularly screened for Leptospirosis and is monitored every 3 months Johnes. (All cows in the sale are in green).

The herd is also Neospora clear.

### Dry Cows

Dry Cows have been tubed with Ubrostar Red.

### Order of Sale

The sale will commence after the Commercial Entry which starts at 11am.
