FOREWORD

This most genuine sale on behalf of the Hollingshead Family results from their decision to cease milk production at Old Dalby Grange due to health issues.

The sale comprises 65 Cows and Heifers In-milk and In-calf, with all services being to the British Blue. These are strong, well conditioned cows that are milking well. Robots were installed back in 2006 so all are milkers are robot trained.

The cows are cubicle housed with management during the winter based on grass silage and blend fed on a TMR basis with concentrates fed in the robots. Although not officially milk recorded there is an extensive computer package that is run via the robots that records yields which are shown in the catalogue.
