NEW TB RULES FROM THE 1ST AUGUST 2023

If your farm holding is in an Edge or Low Risk Area then cattle purchased onto that holding from a high-risk area (as mapped at <https://tbhub.co.uk/>) must be Post-Movement Tested. I.e. Cattle must be Post-Movement tested 60 to 120 days after purchase on your holding. If your farm is in a High Risk Area then you don't need to post movement test. For more details, please speak to our Market Office

Customers selling Livestock at Leek Auctions must have fully completed movement forms which declare what TB-test interval takes place in your Parish so that we can pass this information onto the purchasers.
