FOREWORD

This most genuine dispersal sale of the entire milking herd on behalf of David and Hazel Wrench results from David's decision to commence his retirement process with sale of the first of his block calving herds.

The sale comprises 174 Cows and Heifers In-milk nearly **all of which are newly calved** and as a result should be a very attractive prospect to all purchasers. It also benefits from the inclusion of a Pedigree Aberdeen Angus Stock Bull.

The herd ticks every box, entirely homebred and displaying superb type throughout milk is in abundance currently averaging 27kg daily. Youth is also prevalent comprising 46 Heifers, 32 2nd, 29 3rd and 21 4th calvers.

David has always chosen sires carefully to produce a good square cow with good bags and feet and this is very evident in the herd today which is one of the most consistent in type that I have seen for a long time.

The herd is cubicle housed and milked via a herringbone parlour with management based on maize and grass silage with concentrates fed in the parlour. It must be stressed that the focus is on maintaining a high forage intake with concentrate intake being limited to 1.5kg/cow and a maximum of 7kg/day in the parlour during the winter months. Although not milk recorded the herd is averaging **7300kg** calculated from milk sent **with an annual milk quality of 4.91%F 3.80%P cc120**. The latest bulk sample is running at **4.48%F 3.46%P cc86**.

This is a fantastic opportunity to purchase some exceptional cows that are at profit and milking well. Attendance and inspection is an absolute must on Tuesday 17th September!
